JIVANMITRA PROJECT WORK VISITED BY SEVAK NGO

JivanMitra villages were visited by Sevak NGO and all the villages were inspected by Virenbhai and Prakashbhai. They were very impressed to see JivanMitras doing quality work in the field and wished them all the best and told them to continue doing good work.

- The visit by Sevak NGO was not a planned visit, but a surprise visit to see how the JivanMitras are doing what they were trained for as to screen for BP, Diabetes and Anemia.
- In this visit, JivanMitras were tested to see whether JivanMitras actually go to villagers homes and follow a proper protocol of screening.

- On May 24, 2021, food kits were distributed to many of our JivanMitra families who were affected by a hurricane.
- About 200 kits were prepared for help.

Distribution of Food kits by the JivanMitras

➤ Our JivanMitras helped with the distribution of the food kits to the needy people.

➤ All the villagers were very happy to receive food kits and gave us blessings to keep on doing good deeds.

More Food Kits were distributed in the poor village of Neja near Khambhat which was quite heavily affected by the cyclone.

➤ On May 28, 2021, 100 food kits were donated by Gokul Magaspuriwala Trust, Khambhat (Dr. Bhupendra Kapadia) which was distributed by Eksangh Management Team in the village of Neja, Sokhda and near Khambhat railway station to poor families.
